VECTRA BANK REPLACES EXISTING BRANCH LOCATION WITH NEW, BETTER-APPOINTED BUILDING

DENVER – Vectra Bank Colorado is reopening its Englewood branch located at 5050 S. Broadway on Monday, June 22. The bank will tear down the original building and relocate to this new building across the parking lot at the same address.

The bank's new design increases visibility at this prominent intersection and allows direct access from Belleview, providing the Englewood community better access to Vectra's complete line of personal and business banking products. It also features drive-up, ATM, executive banking, business banking and branch services. Grand opening festivities are being planned for August, and will be announced at a future date.

With assets of \$2.78 billion, Vectra Bank Colorado is a proactive, customer-focused organization dedicated to real relationship banking. Part of the Zions Bancorporation family of banks, Vectra serves Colorado's small, middle-market and corporate business clients with more than 40 full-service branches in communities across Colorado.
