**VECTRA BANK RELOCATES TECH CENTER BRANCH TO  
GREENWOOD VILLAGE**

DENVER – Vectra Bank Colorado moved its Denver Tech Center Branch from 8000 E. Belleview Ave. to its new Landmark Branch at 5362 Greenwood Plaza Blvd. in Greenwood Village. The new doors opened on Monday, Jan. 26. The old location closed on Friday, Jan. 23.

The bank’s strategic location will provide the Denver Tech Center community better access to Vectra’s complete line of personal and business banking products. It also includes drive up, ATM, night deposit, executive banking, business banking and branch services. With ample parking, the bank is within close proximity to shops and entertainment.

“Our new bank will allow us to better serve our Tech Center customers, which is always our most important consideration,” says Amy Graden, Vectra’s South Metro market president. “We encourage the community to stop in and explore the new facility soon.”

With assets of \$2.78 billion, Vectra Bank Colorado is a proactive, customer-focused organization dedicated to real relationship banking. Part of the Zions Bancorporation family of banks, Vectra serves Colorado’s small, middle-market and corporate business clients with more than 40 full-service branches in communities across Colorado.
